"Critical Pessimism" Revisited: An Open Letter to Adam Fish

Webster as an orthographic conservative?

Matthew Edney, who describes himself as "a British-born academic who, 27 years after first arrival, is linguistically located somewhere in the general confusion of the mid-Atlantic", sent me an interesting query about the history of English spelling. Since I know almost nothing about this subject, I’m forwarding the question to LL readers, who are likely among them to have the answers, or at least some useful observations.

Don’t try this at home

Following up on my posts about locative denominal verbs, yesterday’s SMBC: Without professional guidance, that kind of exploration could go off in all kinds of directions: And instead of emerging with some sensible conclusion ("...the bieventive analysis can form a basis for a unified theory of causativization across languages while the theta-role analysis cannot...")), you could wind up who knows where...
National Education Crisis Could Spell Venture Capital Opportunity

A decade ago, the dot-com boom fueled a wave of venture investment in Internet-enabled education companies. Since then, the evolution of social media coupled with improvements in connectivity and mobility would seem to presage a new class

How to Tweet From Email

There are many different third-party Twitter tools online that can help you become more productive in the way you use the microblogging tool. For example, there might come
